Dear Bob and Family, It was a pleasure working with Debbie at TriWest and United. Once in awhile we would run into each other at the office copy machine. I always felt bad because of the number of copies I had to make but, Debbie would graciously say it was okay and let me finish my job first. We would chat a little and she would go back to her desk and then I would quickly deliver her copies, which gave me a chance to say thanks. Looking back it was her patience and kindness that spoke words. What a sweet lady. My prayers of God's peace, strength and support of loved ones are with you at this time. Aloha, Lynn Cuthrell

Dear Bob and family I am so very sorry to hear of the passing of your beloved wife. Debbie and I became friends during our "tenure" at Blough. I was so very glad when she decided to join me at KidsPeace. We shared a great friendship and I was sad when you moved to Hawaii, but I knew you both would be happier there. I remember when you would pick her up from KidsPeace in your little car that you loved so much. Debbie and I had so much in common as a result of our work environments and we would laugh a lot as we reminisced. Even though I have not seen her in a few years, I will miss her dearly. I will definitely keep Debbie and all of you in my prayers. Love, Marijane Ambrogi

Aloha Bob and family, It seems like it was just yesterday that I last saw Debbie but it has been over a year. I remember when I first met Debbie, I just got back from vacation and the vacant cutie had a new arrival at the office. She was a ray of sunshine and a great co-worker. I will miss her and the great times we had at work will always be in my memory. The other special memory we shared was the Friday recall of the Big Bang Theory with D Y, we loved that show. My thoughts are with you and your family during this time and will remember Debbie with the fondest memories. Cindy Harris

Dear Bob and family, Although it was 2012 when we met, it's as if it was yesterday that this smiling petite nurse came in for an interview at Triwest. She said to call her "Debbie". She was ready to work and learn. HIRED! So graceful and articulate and then we discovered her great common sense and clinical knowledge. The more we worked with Debbie, we knew it was a lasting and invaluable friendship. Quiet, but oh could she make us laugh. Dr Y, Cindy, Vangie, Lorna especially were the rowdies once Debbie would mention a one liner from tv show The Big Bang Theory....BAZINGA! I will truly miss her. My deepest condolences. Gar
