Ron was in my graduating class at U of O in Eugene-we worked together in biology and I remember his excellent scholarship and his kind and humble way and fun we had with him after our exams- and the research project he let me team up with him in marine biology that he knew well from his experiences on the islands- when I needed someone smarter than me-I went on to med school afterwards-bob Campbell- PS I always wanted know how he was doing but never got in touch-we nicked named him Dr. Mau even as he was an under graduate.
