A Dad is a person who is loving and kind, And often he knows what you have on your mind. He's someone who listens, suggests, and defends. My Dad is one of my very best friends! He's proud of your triumphs, but when things go wrong, My Dad is patient and helpful and strong. In all that you do, a dad's love plays a part. There's always a place for him deep in your heart. And each year that passes, you're even more glad, More grateful and proud just to call him your dad! Thank you, Dad... for listening and caring, for giving and sharing, but, especially, for just being you. I will miss you so very much...

I want to express my deepest gratitude for the 81 years he graced this world. Dad, every Tuesday for the last 30 years, you and I carved out a special time together, creating a memory that I will forever hold dear. Through our work together, I learned the ropes of business and, more importantly, I really got to know you. Our tennis matches were more than just games; they were cherished moments where I truly enjoyed spending time with you. Saying goodbye is never easy, but I carry forward your spirit, your lessons, and your love. You may have left this world, but you will never leave my heart. I miss you more than words can say. Farewell, Dad, until we meet again.
