Randy J. Jensen

JAN 5, 1949 - APR 18, 2026

Randy J. Jensen, 77, passed away peacefully after a short illness on April 18 at Queen's Medical Center in Honolulu where he received highly professional and kind care from all staff. He honorably lived a life defined by service, compassion, deep commitment, and quiet generosity.

Born in Idaho Falls, ID and raised in Alameda, CA, Randy was a graduate of the University of Hawai'i School of Nursing and worked as an Advance Practice Psychiatric Nurse in both civilian and military life. His distinguished professional career included pioneering emergency psychiatric care, managing family readiness for military deployment, and working with veteran and active duty service members with PTSD.

He proudly served in the United States Navy as a corpsman during the Vietnam War and later in the United States Army Reserve, retiring with the rank of Colonel. He loved to announce with pride that he worked hard to move from rank of Ensign Jensen to Colonel Jensen. In his retirement, he would often talk about how hard he worked to achieve the 'brass ring' of success.

Randy had a deep love of his adopted home of Hawai'i, where he lived since arriving at 18 years old. He was most proud of the family and friends that graced his life. A lifelong learner, he never stopped asking questions about the world around him.

He enjoyed humor, traveling, baseball, eating out, catching up with former colleagues, genealogy, researching on his iPad, and working out three times a week through the VA Gerofit program. He was known for his quick, dry humor, and generous spirit. He was an avid animal lover, especially devoted to his cats.

He is predeceased by parents, Lois and Donald Jensen and brother, Jim Jensen. Survived by beloved family: wife, Kathy Krammer; daughter, Kimberly Davis (Mike);
