“ Thank you Di for all your help and assistance over the years. How refreshing it is to know that there is someone out there who can be relied upon for honesty, integrity and expert knowledge in such a statistically large breed. I still get numerous enquiries for puppies even though it is 3 years since my last litter and I always refer people to the Wylanbriar site because I know that with you they are in safe hands. I am looking forward to bringing my bitch to the very handsome Tom in a few weeks time and fingers crossed having a litter of the consistently quality pups that your studs have always thrown for me. Thank you again Di and keep up the good work.##imported-begin##Simon##imported-end##

“ You have a wonderful web site, and all your dogs are so very beautiful. I particularly enjoyed your article about Being an individual, our lovely girl, Penny is nine months old and so nervous of everything, people ask me if she was a rescue dog, despite the fact that we have spent a lot of time socialising her from 8 weeks old. It's hard when you know she is so great and other people see her as having problems. Your words have made me see Penny's issues in a completely different light, because it is just her nature', and we love her so dearly regardless. My husband and I are considering another puppy, but are thinking in the future when Penny is older, and despite the distance, would certainly love one of your puppies, if accepted. I love all things Labrador, but your site and knowledge is a cut above. Thanks so much. I also read your tribute to your Jade, which made me shed yet more tears for our old girl who died last July, it was very moving.##imported-begin##Maximiliano##imported-end##
